A Seminar on ‘Celebrating 200 Years of “Father of Genetics”’ was organized by the Department of Molecular Biology and Biotechnology, Sripat Singh College on 27th of July, 2022 from 11.30 AM onwards. Ms. Debjani Mandal, Head of the Department of Molecular Biology and Biotechnology was the convener of the seminar. Prof. Asis Kumar Sen, Teacher-In-Charge, of Sripat Singh College was the chairperson. Around 50 participants, including some science faculties of Sripat Singh College and students mainly from Zoology, Botany and Molecular Biology & Biotechnology Department participated in the seminar.

There were two lectures delivered in the seminar, One given by Dr. Abhishek Basu, Assistant Professor, Department of Molecular Biology and Biotechnology and the other given by Mr. Debraj Roy, Assistant Professor, Department of Botany. The inaugural lecture of the seminar was given by Prof. Asis Kumar Sen. While Dr. Abhishek Basu mainly talked on the life of Gregor Johann Mendel and his research, Dr. Debraj Roy focused on the experimental techniques performed by Mendel during the course of his research. Both the speakers interacted with the students and answered their queries.

AIMS AND SCOPES:

We do not inherit earth from our ancestors; we borrow it from our children.

Environmental sustainability is a responsible interaction with the environment to avoid depletion or degradation of natural resources and allow for long-term environmental quality. The practice of environmental sustainability helps to ensure that the needs of today's population are met without jeopardizing the ability of future generations to meet their needs. But, despite the increased popularity of the use of the term "Sustainability" the possibility has been and continues to be a question. With this background our Sripat Singh College is going to organize the seminar having the title: **Environmental Sustainability: Issue and Challenges**. It is our effort to create awareness and explore different strategies to promote economic, social and agricultural advancement in ways avoiding environmental degradation on 18 and 19 November, 2022.

OUR COLLEGE:

Sripat Singh College, the first Govt. Sponsored co-educational degree college in West Bengal, started its journey in 1949 in the "Cutcheri Bari" of great Sripat Singh Doogar. Now, This Institution enriches youth and fulfils all-round socio-economic-educational-cultural needs of the mass of Murshidabad by virtue of its utmost sincerity and efficacy. It has now become an ideal centre of learning, education and research. Honours courses in almost all subjects of science and humanities including Biotechnology and Environmental Science, regular MA course in Bengali, different UG and PG courses under DODL, K.U., Rabindra Bharati University Distance Education centre and Netaji Open University are running successfully in this College with remedial coaching and tutorial classes. Besides, one-year certificate course in Biotechnology: Plant Tissue Culture affiliated to University of Kalyani is conducted by Department of Botany, spreading knowledge among the mass.

PATRONS:

12. Objective of the Seminar:

- i. To make the youth aware of the imbalance created between the three pillars (i.e. environment, economic and social) of sustainability and most important is to find out immediately a possible way-out.
- ii. The seminar focuses on identifying strategies to promote economic and social advancement in ways that avoid environmental degradation, over-exploitation or pollution. Population, food security, loss of species and genetic resources, energy, industry and human settlement are well connected and cannot be treated in isolation from one another.
- iii. The seminar aims at finding out sustainable agriculture techniques to meet the food supply to this huge population.

DETAILED ACTIVITIES OF THE SEMINAR:

REGISTRATION:

A registration desk was set up and faculty members of the Department of Botany, Smt. Bhaswati Chattopadhyay, Smt. Shraboni Paul, Miss Sabina Yeasmin, managed the entire process of registration.

INAGURATION:

The students of Department of Botany performed an opening song to officially inaugurate the programme followed by the welcome address of the convenor, Dr. Suchetana Mukherjee; joint convenor, Dr. Indranil Saha; Teacher-in-charge, Sri Asis Kumar Sen; IQAC co-ordinator, Sri Sumit Bandopadhyay and Staff council secretary, Dr. Sharmila Dutta Banik. TECHNICAL SESSION OF DAY1:

The technical session started with the invited lecture of the key note speaker Dr. Arun Kumar, Senior Scientist & Principal Investigator, Mahavir Cancer Sansthan & Research Centre, Patna Bihar. His talk focussed on arsenic poisoning in the Gangetic plains of Bihar causing an increased frequency in human cancer. Thus, emphasized on significant policy making which may ensure the control of the disease.

The second lecture of the technical session was delivered by Dr. Sudha Gupta, Associate Professor, Department of Botany, University of Kalyani. The topic of her talk was “ Urban beekeeping towards achieving environmental sustainability”. The topic was very interesting which emphasized on urban beekeeping using stingless bees. Urban beekeeping helps is pesticide free pollination of wild cultivars on one hand and on the other honey and other products obtained from bees ensured food security and nutrition. Hence, urban beekeeping is sustainable in many ways.

Technical session for the 1st day concluded with oral presentation of the registered delegates, research scholars and students both from colleges and university.

TECHNICAL SESSION OF DAY 2:

The technical session for the second day started with the lecture of Dr. Debasis Jana, Former Associate Professor, Department of Botany, Sripat Singh College. His talk focused on “Rapid population as an environmental issue”. The topic dealt with major issues related to rapid surge of population and how it is affecting the environment. The different issues discussed included land degradation, ground water and surface water contamination, loss of floral species, air pollution and global warming.

The second lecture of the day was delivered by Prof. Zahed Hossain, Department of Botany, University of Kalyani. He is an eminent scientist, JSPS Invited Fellow (NICS, Japan), DST-BOYSCAST Fellow (NICS, Japan), Visiting Researcher (UJI, Spain), DST FAST TRACK Young Scientist and a recipient of Shiksharatna Award (2021). He discussed the role of microRNAs as key regulators of plant responses to Abiotic stress.

The concluding lecture of the day was delivered by Dr. Sukumar Mal, Former Associate Professor, Department of Chemistry, Sripat Singh College. His topic highlighted one of the burning issues i.e., the gases that causes Global Warming and the mechanism of conversion of light energy to heat energy.

CONCLUSION:

Sripat Singh College, Jiaganj, Murshidabad organized **WBDSTBT SPONSORED NATIONAL SEMINAR ON ENVIRONMENTAL SUSTAINABILITY: ISSUES AND CHALLENGES** on 18-19 NOV, 2022 at Rabindra Sabhaghar. The proceedings were started by Dr Suchetana Mukherjee, Convener and Dr Indranil Saha, Joint Convener while Sri Asis Sen, Teacher-in-charge, Sripat Singh College delivered the welcome address along with Sri Sumit Bandopadhyay, Coordinator, IQAC and Dr Sharmila Dutta Banik, Teacher Council Secretary, expressed his heartfelt gratitude to all the participants who have come all the way to Murshidabad to take part in this seminar. The seminar hosted a galaxy of dignitaries to deliberate on the growing calamity that the environment is facing and varied ways to combat the problem. The inaugural session saw the presence of Dr. Arun Kumar, Senior Scientist & Principal Investigator, Mahavir Cancer Sansthan & Research Centre, Patna, Bihar who delivered the keynote address on Arsenic poisoning causing increased human cancer disease burden in the Gangetic plains of Bihar. In Technical session 2, Dr Sudha Gupta from Dept of Botany, University of Kalyani delivered her talk on urban beekeeping towards achieving environmental sustainability. On Day 2 the proceedings were started by Dr Debasis Jana, former Associate Professor, Dept of Botany, Sripat Singh College, who gave his talk on correlating rapid population with environmental issue while Prof. Zayed Hossain, Dept of Botany, University of Kalyani delivered his talk on microRNAs as key regulators of plant responses to Abiotic stress which was a very illuminating talk. Dr Sukumar Mal, former Associate Professor, Dept. of Chemistry, Sripat Singh College, deliberated on gases which cause global warming in the last session. This was followed by poster presentation by some of the delegates and students. The 2-day seminar drew to a close with valedictory session and photo sessions with the participants and students. Needless to say, that going by the response by the participants, the seminar was a grand success.

ACKNOWLEDGEMENT:

First of all, I would like to thank the sanctioning authority (Science & Technology and Biotechnology) for the financial support. I would specially like to thank Sri Amiya Kumar Kalidaha for guiding us throughout the entire procedure. I would also like to thank our Teacher-in-Charge Sri Asis Kumar Sen, IQAC co-ordinator Sri Sumit Bandopadhyay and Teacher Council Secretary Dr. Sharmila Dutta Banik for their co-operation and constant support. I am thankful to the entire technical team, Mr. Debraj Roy, assistant professor, department of botany. Dr. Amit kumar Kundu and Dr. Raja Ghosh, assistant professor, department of chemistry, who smoothly tackled all the technical issues. I would like to thank the entire organising committee. Last but not the least, I am thankful to my dear students (department of botany) for their active participation and hard work. Without their help this would not have been possible.
