## Report on the One-Day Workshop on Career Opportunities in the Science Stream After Graduation

On December 5, 2023, Sripat Singh College hosted an insightful one-day workshop on "Career Opportunities in the Science Stream After Graduation" at the Rabindra Sabhagriha. The event, which commenced at 2:00 pm, was organized by the Career Development Counseling & Placement Cell of the college. This workshop was designed to provide current science students with valuable information and guidance on various career paths available to them after completing their graduation.

The workshop was inaugurated with a compelling speech by Dr. Kamal Krishna Sarkar, the Principal of Sripat Singh College. Dr. Sarkar's address emphasized the importance of career planning and the myriad opportunities that exist for science graduates in today's dynamic job market. He encouraged the students to actively participate in the workshop, underlining how critical it is to be well-informed and prepared for the future.

The keynote address was delivered by Dr. Gunomoni Saha, Assistant Professor at Barrockpore Rashtraguru Surendranath College. Dr. Saha's presentation focused on the various career trajectories available to science graduates, including research, industry roles, and academic positions. He provided a detailed overview of the skills and qualifications required for different professions, highlighting emerging fields such as biotechnology, data science, and environmental science. Dr. Saha also shared insights on how students can leverage their academic backgrounds to excel in these fields and offered practical advice on further education and professional development.

The workshop was exclusively aimed at current science students, ensuring that the content was directly relevant to their academic and career aspirations. Attendees were engaged throughout the session and had the opportunity to ask questions and seek personalized advice from Dr. Saha. To conclude, all participants were awarded E-Certificates, acknowledging their attendance and active participation in the event. For those interested in similar future events, registration details and contact information were provided, with the Career Development Counseling & Placement Cell. Overall, the workshop was a valuable experience, equipping students with the knowledge and tools to make informed career decisions in the science field.
