Report on Internship Compulsory Programme: 2025–26 (5th Semester NEP Science – Chat GPT, 4 Credits)

The Internship Compulsory Programme: 2025–26 for the 5th Semester (NEP) Science students of Sripat Singh College, affiliated with the University of Kalyani, was successfully organized in collaboration with the Indian Institute of Internship (Centre of Vocational & Internship Excellence). The internship, carrying 4 academic credits under the title "Chat GPT", was conducted over a period of four weeks, from 17 February 2026 to 16 March 2026. The programme was designed to introduce students to the practical applications of generative artificial intelligence, particularly ChatGPT, in academic learning, scientific research, communication, data analysis, and professional skill development. It aimed to strengthen students' digital literacy while encouraging the ethical and responsible use of AI technologies in higher education and future workplaces.

Throughout the internship, students actively participated in structured training sessions comprising lectures, demonstrations, hands-on assignments, collaborative discussions, and practical exercises. The curriculum emphasized prompt engineering, content generation, academic writing support, research assistance, problem-solving techniques, and responsible AI practices. The sessions were conducted by experienced resource persons, Mr. Sayantan Chakraborty, Mr. Saswata Ghatak, and Mr. Avik Ghosh, who provided valuable guidance through both theoretical instruction and practical demonstrations. A total of 204 students successfully completed the Chat GPT Internship Programme, fulfilling all academic and practical requirements prescribed under the programme and earning 4 academic credits.

The Valedictory and Certificate Distribution Ceremony was held on 14 July 2026 at 2:00 p.m. in Rabindra Sabhakaksha (Room No. 5) in hybrid mode, allowing participation from both offline and online attendees. The programme witnessed the presence of college authorities, faculty members, trainers, and students, making the event both interactive and memorable. During the ceremony, certificates were awarded to the 204 successful participants in recognition of their satisfactory completion of the internship. The trainers highlighted the importance of integrating artificial intelligence into academic and professional environments while encouraging students to continue developing their digital competencies responsibly.

The Internship Compulsory Programme concluded successfully with enthusiastic participation and excellent academic outcomes. The successful completion of the programme by 204 students reflects the effectiveness of the collaborative initiative between Sripat Singh College and the Indian Institute of Internship (Centre of Vocational & Internship Excellence) in promoting experiential learning under the National Education Policy (NEP). The internship significantly enhanced students' knowledge of generative AI, practical problem-solving abilities, and professional readiness. Overall, the programme achieved its intended objectives and established a strong foundation for future technology-enabled learning initiatives within the institution.

Outcomes of the Programme

- A total of 204 students successfully completed the Chat GPT Internship Programme and earned 4 academic credits.
- Enhanced understanding of Generative Artificial Intelligence (AI) and ChatGPT applications.
- Improved digital literacy and AI-assisted learning skills.
- Developed effective prompt engineering and AI communication techniques.
- Strengthened academic writing, research, and content development abilities.
- Enhanced critical thinking, analytical, and problem-solving skills.
- Promoted the ethical and responsible use of Artificial Intelligence.
- Increased students' confidence in using AI tools for academic and professional purposes.
- Improved collaboration, communication, and presentation skills through practical activities.
- Enhanced employability, technological adaptability, and career readiness in accordance with the objectives of NEP 2020.
