Sripat Singh College

Department of Philosophy

Jiaganj, Murshidabad, West Bengal-742123

Mentor-Mentee Group: 2024-25

We the department of Philosophy conducts various programs for the holistic development of our students. Firstly, the students are divided into different groups. In case, they are first year students their past academic performance is also taken into account. Further on different mentors are assigned to each group. Based on the average academic performance of the group assigned, each mentor determines the activities to be undertaken. Activities organized by the mentors include debates, group assignments, group discussions etc. Activities like debates and group discussions assist the students to increase their understanding of current affairs, and also helps in generating more ideas about a given topic. It also helps to know about their mistakes and weaknesses. Thereby aiding them to build their confidence. Mentors also engage in personal interactions with their mentees to understand more about their personal needs. Such interactions help the mentor to guide their respective mentee to seek assistance under the several student assistance schemes provided by the Institution. All these activities promote the overall development of the students. The Internal examinations and model examinations conducted at regular intervals helps the students to manage their time efficiently, boosts up their confidence, self-assessment and to plan their studies accordingly. Overall, the mentoring system has increased their interpersonal skills and academic acumen, developed their communication skills. It also helped the mentees to develop strategies for dealing with both personal and academic struggles
