Sripat Singh College always looks for improvement to remain relevant in the ever-changing dynamics of the Higher Education Sector. Therefore, a basic goal-based strategic planning model is followed to fulfil the stated vision and mission of the college for time-bound execution. A long-term strategic plan, based on SWOC and feedback analyses, indicates what the institution wants and how it hopes to attain those goals. Once the goals are clearly defined along with tasks, responsibilities, and accountabilities assigned, concerted efforts are made by the Principal, along with IQAC and all the cells and committees to achieve these goals. However, strategic planning is not a one-and-done process. Hurdles in the way of achieving the goals, as internal and external factors demand, are discussed time-to-time, and plans are modified as and when required.

The strategic plan of our college is targeted for improvements are as follows:

Academic Plans-

1. Promoting ICT-enabled teaching-learning by arranging and motivating teachers to participate in related workshops
2. Procuring more computers, projectors etc., and upgrading internet facilities
3. Emphasizing on outcome-based teaching-learning through analysis of POs and Cos
4. Upgrading library resources with special emphasis on 24×7 availability of e-resources to the students and teachers
5. Encouraging experiential learning through more field work, project work/internships, and participative learning through quizzes, debates, posters, and model making
6. Motivating teachers for their academic development to keep pace with the current trends in relevant academic fields through participating in seminars/workshops/FDPs and publication of their works in journals and books
7. Collaborations and MoUs with other institutions of repute to expand the professional horizons of all stakeholders
8. Skill development courses (add-on and certificate courses) for students for their better employability and progression
9. Annual academic audit
