This World AIDS Day, 1 December, UNAIDS is urging each of us to address the inequalities which are holding back progress in ending AIDS. The “Equalize” slogan is a call to action. The global HIV response is in danger, even as HIV remains a major public health issue that affects millions of people worldwide. Over the last few years progress towards HIV goals has stalled, resources have shrunk, and millions of lives are at risk as a result.

Division, disparity and disregard for human rights are among the failures that allowed HIV to become and remain a global health crisis.

On 1 December WHO joins partners to commemorate World AIDS Day 2022, under the theme “**Equalize**”. WHO is calling on global leaders and citizens to boldly recognize and address the inequalities which are holding back progress in ending AIDS; and equalize access to essential HIV services particularly for children and key populations and their partners - men who have sex with men, transgender people, people who use drugs, sex workers, and people in prisons.

On this occasion, NSS Unit of Sripat Singh College observed World Aids Day in college auditorium. Dr. T.K . Roy was the chief guest of the programme. He delivered a lecture on HIV and its impact on human body. He also prescribed few tips to keep away from AIDS. Mr. Asis Kr. Sen, TIC, of the college was present at that programme. Students from different departments took part in the programme.
